Ford 20

Ford 20 offers the stability and comfort of a good family craft—plus a spirited response that assures sparkling performance in competition. There's plenty of room for crew, family and gear in Ford 20's generously-proportioned cockpit. The Cuddy cabin has family-size dimensions with storage space and sleeping room for two. There's even space for an optional head. Ford 20's centerboard and rudder are both constructed of fiberglass. The centerboard is operated by a capstan and is adjustable to give better balance under varying wind conditions. Dressed up in hardware of the highest grade marine quality—and custom-made sails of American Dacron—Ford 20 is an all-around fun craft.

 Cockpit cover; Boom Vang Kit;
 Cockpit seat and berth cushions;
 Cuddy curtain; Marine head.

Redhead

If you're looking for a boat with a yen for speed and snappy handling, Redhead is your likely choice. She's a self-bailing, self-rescuing sloop with a high performance hull and 178-square-feet of sail. Redhead is fully equipped with such deluxe features as a raised deck for weather protection of passengers and gear; a one-piece, molded-in fiberglass inner liner. Fiberglass centerboard and kick-up rudder shaped for efficiency. While she's a swiftie, Redhead is stiff in heavy air—with all the comfort and reliability expected and enjoyed with a fine, family daysailer.

SPECIFICATIONS

Length Overall17'3"
 Beam6'1"
 Sail Area178 Sq. Ft.
 Draft8" to 4'6"
 Height of Spar23'10"
 Weight (approx.)700 lbs.
 fully rigged
 ColorAvocado Green

Optional Equipment:

Spinnaker with fittings and pole;
 Boom Vang Kit; Cockpit cover;
 Cockpit seat cushions.

Sidewinder

When you own Sidewinder—newest addition to the MFG lineup—you actually enjoy three boats for the price of one. Cartop beach craft . . . basic cat boat . . . sporty sloop. As cat or sloop, she makes an ideal junior trainer; yet her light planing hull offers performance to satisfy the most exacting. The tipping alloy centerboard has two positions for balance under either rig. Sidewinder offers unique “self-rescuing” features. Capsize her and she floats just high enough for easy righting, with her ample cockpit still dry. Underway, self-bailers rapidly clear any spray that gets aboard. Sidewinder—able as a true dinghy, but as simple as a boardboat . . . a real fun boat.

SPECIFICATIONS

Length Overall 15'6"
Beam 4'6"
Sail Area (Main) 80 Sq. Ft.
Jib 37.6 Sq. Ft.
Draft 6" to 3'6"
Height of Spar 19'6"
Weight (approx.) 175 lbs.
fully rigged
Color Tangerine

Optional Equipment:

Spinnaker with fittings and pole;
Boom Vang Kit; Cockpit cover.

Pintail

Weighing in at a rugged 400 pounds of fiberglass—from stem to stern—family sailing fun gets off to a great start in Pintail. Built for years of care-free sailing with emphasis on stability, Pintail makes the perfect family craft. She offers a spacious cockpit and a whopping 122 square feet of sail—all that she needs to swing along with the best in her class. A few special features of this fun sailer are a molded-in outboard well, complete centerboard trunk molded with hull, and storage space under her fore-deck. Pintail's a fine traveler, too—ideal for trailering.

SPECIFICATIONS

Length Overall14'0"

Weight (approx.)400 lbs.
fully rigged
ColorBimini Blue
and Tahiti Sand

Optional Equipment:

Spinnaker with fittings and pole;
Boom Vang Kit; Cockpit cover;
Cockpit seat cushions.

Whistler

Whistler enables you to enjoy all of the sailing thrills expected of larger boats, while providing rigging and handling ease of the smallest dinghy. Offering all-fiberglass construction—with complete centerboard trunk molded with the hull—Whistler's cockpit offers more room, comfort and safety than any boat of comparable size. Mitered sails eliminate distortion and assure longer life. Whistler may be sailed as either cat or sloop—merely by positioning the mast on the proper step. She's unexcelled for junior training . . . ideal for family, club or camp sailing or racing.
